SUMMARY

Leadership skills, analytic capacity and excellent problem solving skills.
I love mathematics and programming.
I approved two years in the mathematics degree with mention in computing.
After to change of job to computer systems administrator, I stopped the career and continued expanding my knowledge with others programming languages.
Currently, I continue working and studying a course of Programming videogames with Unreal and reading a book "Mastering Unreal Engine 4.X" to improve my C++ skills within the Unreal Engine environment.
